

Jenna Bryan-Krug, CFA, Director, is a municipal credit research analyst within the Municipal Fixed Income business in BlackRock's Portfolio Management Group. Ms. Bryan-Krug primarily covers states, local governments and public universities in the Pacific region. She is also responsible for helping integrate environmental, social and governance factors within the municipal investment process. Prior to joining BlackRock in 2011, Ms. Bryan-Krug was a public finance investment banker at Boenning & Scattergood, Inc. Ms. Bryan-Krug earned a BBA in finance and marketing from the George Washington University and is a CFA Charterholder.

Kimberly Lyons, Vice President – Senior Analyst, Public Finance Group, Moody's Investors Service
New York City

Kimberly Lyons is currently Vice President-Senior Analyst at Moody's Investors Service in the US Public Finance Group where she is a senior member of the Local Government Ratings Team. Prior to (re)joining Moody's she was SVP-Head of Municipal Credit Risk at Dexia Credit Local.

In addition to her professional role she also serves as co-president of Northeast Women in Public Finance (NEWPF), which provides mentoring, career development, educational and networking opportunities for women in the public finance industry.

Kimberly has been honored with the "40 under Forty" Achievement Award, presented by The Network Journal (TNJ). The award recognizes young African Americans who have proven to be exceptional performers in their industry and committed contributors to the development of their community. She has also been honored with the "Distinguished Young Alumna in Public Administration and Policy" from her Alma Mater Rockefeller College of Public Affairs and Policy-University at Albany and was named to the Rockefeller College of Public Affairs Alumni Advisory Board.

Kimberly graduated from the University at Albany – State University of New York with a Bachelor's degree in Sociology and received a Master's in Public Administration from the University at Albany Rockefeller College of Public Affairs and Policy.

Eileen Perpiglia, Associate VP, Accounting and Finance

Eileen joined Longwood Gardens in August 2017. Eileen is a CPA and has over 30 years experience in both the public and private sector. Eileen started her career as an auditor with Deloitte & Touche. Since then her career has focused primarily in the financial analysis realm with both publicly traded companies as well as non-for-profits.

Since joining Longwood, Eileen has primary responsibility for developing and monitoring the annual budget and ensuring the accuracy of Longwood's financial records. She works closely with the executive leadership as well as all budget owners to develop both the revenue and expense forecasts. She is also responsible for monthly budget vs. actual reporting to the Board and prepares and presents the Longwood results to several Board committees.

Recently, Eileen played a key strategic role in Longwood's inaugural public bond offering. Working with the CFO and multiple teams of external advisors, she took ownership of the due diligence process, drafting the Appendix A, and generally ensuring the project remained on course.

Monica Reid, Founder and Chief Executive Officer of Kestrel Verifiers and Kestrel ESG, Inc.

Monica's current focus is on supporting the growth of Kestrel Verifiers as a provider of green bond services, and Kestrel ESG as a provider of ESG Data for fixed income. Kestrel Verifiers is the market leader for providing external reviews of green, social and sustainability bonds in US public finance.

Ms. Reid has over 20 years of experience as a Principal Consultant and thought leader in the field of innovative finance for infrastructure and sustainability efforts, and she currently serves on the California Green Bond Market Development Committee, convened by the State Treasurer.

Prior to founding Kestrel Verifiers, Ms. Reid founded Kestrel Consulting Inc. which provided strategic consulting and grant and loan services to local governments from 2000-2019. Ms. Reid was a trusted advisor and led the company's successful efforts which included:

- \$600 million in competitive state and federal grants and loans for infrastructure and sustainability projects
- Developing major sustainability initiatives for local governments from initial concept through implementation and evaluation
- Partnerships with global engineering companies to secure funding for infrastructure
- Distillation of complex scientific and technical material and concepts
- Financial and impact reporting on large-scale grants and loans

Early in her career, Ms. Reid focused on natural resources conservation and public service. She was a Public Affairs Specialist for the US Forest Service in the Pacific Northwest for eight years, and an environmental educator for Miami-Dade County Parks. Her educational background includes a Bachelor of Science degree in ecology from The Evergreen State College in Washington, and graduate studies in marine science at Moss Landing Marine Laboratories in California. A native of South Florida, Ms. Reid now calls Hood River, Oregon, home. Ms. Reid holds Series 79 and Series 63 securities licenses.
